Americano®

MADE IN EUROPE

NEW! Spill-proof lid option.

Durable polypropylene material makes the mug ideal for repeat use and is microwave and dishwasher safe. It's also fully recyclable.

Secure screw-fix lid.

Double-wall design for extra insulation.

Silicone grip option for extra comfort and decorating opportunities.

Wide choice of styles, capacities, colours and decorating options to help you create your perfect Americano.

HOWEVER YOU DRINK YOUR COFFEE,
THERE'S AN AMERICANO® FOR YOU!

WHAT'S NEW
IN THE AMERICANO COLLECTION?

NEW! SPILL-PROOF LID

Designed to protect against spills, the lid has been designed without any silicone. This means the lid is fully recyclable. We even have a version from recycled plastic!

Available on selected models across the range!

NEW! RECYCLED OPTIONS

The Americano Recycled options offer you a mug made entirely from in-house pre-consumer recycled plastic. Or, to add a splash of colour to your mug, the Americano Eco has a recycled mug, with a standard lid in a range of colours.

NEW! ANTIMICROBIAL PROTECTION

The Americano Pure contains Biomaster antimicrobial technology. This provides protection against the growth of harmful micro-organisms on the surface of your mug.

WHICH Americano® IS RIGHT FOR YOU? FIND OUT HERE...

DRINKWARE **INSULATION CHART**

Based on successful retail drinkware pieces, we have designed a better way to drink with style. Whether you prefer your beverage HOT or COLD.

Insulation refers to how the materials and construction prevent temperature change – basically, the ability of a piece to keep a beverage at its original temperature, whether it's hot coffee or ice water. Insulation is achieved through double-wall construction, which has two purposes – to eliminate condensation from cold beverages on the outer wall and maintain the temperature of the beverage within the inner wall.

There are several types of insulation, and we offer them all. It just depends on your budget and the type of performance you're looking for.

GOOD	BETTER	BEST	SUPERIOR	SUPERIOR
AIR INSULATION	**FOAM INSULATION**	**VACUUM INSULATION**	**COPPER VACUUM INSULATION**	**COPPER VACUUM INSULATION WITH CERAMIC LINING**
Air between inner and outer walls	Foam between inner and outer walls	No air between inner and outer walls	No air between inner and outer walls + copper plated inner wall	No air between inner and outer walls + copper plated inner wall. Includes ceramic lining.

Hours indicated may vary depending on item construction, material, ambient conditions, and use.
